About Me

I am a Junior Software Developer with a Diploma in Fullstack Software Development from Code Institute. Proficient in HTML, CSS, Javascript, Python, and Django, but with much to learn!

I have 10+ years of experience in Customer Service and hospitality. I am a valuable team player with strong communication and problem-solving skills. I am keen to start working in the tech industry as a member of a development team where I can grow and contribute!

KEY SKILLS

Languages: HTML, CSS, JavaScript, and Python

Databases: MySQL, and postgres

Frameworks: Flask, Django, and Bootstrap

Version Control: Heroku, GitHub, and Git

COLLABORATION PROJECTS

- Code Institute Hackathon July 2024 - Proud Coders: 3rd place - Chronicles of Pride.

EDUCATION

Code Institute
Diploma in Fullstack Development
Februrary 2024 - July 2024

University of Auckland
Bachelor of Science
1994 - 1999

PORTFOLIO PROJECTS

- **Portfolio Project 5:** Mildew detection in cherry leaves - A small streamlit and machine learning project to visualise powdery mildew on cherry leaves. I used Python and Streamlit for this project.

- **Portfolio Project 4:** Werecat Blog - A blog site for a pair of crafty women. I used HTML, CSS vanilla and Bootstrap, JavaScript, Python, Postgres, and Django for this project.

- **Portfolio Project 3:** Wings Text-Based Game - A good old-fashioned 'pick a path' text-based game. I used Python for this project.

- **Portfolio Project 2:** Testing your STP knowledge - A short quiz game to test your Terry Pratchett knowledge. I used JavaScript, HTML, and CSS for this project.

- **Portfolio Project 1:** NZ Wars a brief overview - A very brief overview of the New Zealand Wars. I used HTML, and CSS for this project.

ADDITIONAL INFORMATION AND INTERESTS

- I am working on designing a website for my partner and I to use as a showcase and sales platform.
- I am designing a website my partner can use to track and see trends in their blood sugar levels.
- I enjoy gaming, I play minecraft primarily, however I do not limit myself to only PC gaming, I love playing on our switch, or one of several consoles we have in the house.
- I make and sell handcrafts, I work with paracord and rope making leashes, collars, braclets, keyrings, and weird bits and pieces. I make chainmaile bradelets and earings, and I use yarn, both natural and man-made, to nålbind.
